GDPR

I hereby consent to the processing of my personal data included in my application for the purposes of the recruitment process under the European Parliament's and Council of the European Union Regulation on the Protection of Natural Persons as of 27 April 2016, (EU) 2016/679 (GDPR).

Tamara Mruk

C# / .NET / Java intern

Overview

Detail-oriented Computer Science student with hands-on experience building desktop and full-stack applications. Highly skilled in C#, .NET, and Java. Seeking to leverage my academic foundation and passion for creating software that solves everyday problems to add immediate value to a dynamic development team.

Education

Gdańsk University of Technology (Computer Science)

October 2023- February 2027

Currently year 3 (4.3/5.0) GPA

Thesis: Creating a set of tools(IDE) to help creating software for an original handheld console (Orange Pi + Armbian)

Projects

Kith - local mp3 streaming and management app

Modern Windows 10/11 desktop music player and metadata editor built with C# and WinUI 3, featuring local library management, dynamic playlists, and ID3 tag editing.

https://github.com/ciamara/mp3-streaming-app

Secure TTP/Server/Client protocol

Secure server-client communication using a TTP showcased in a simple recipe app, built with WinForms, C#, .NET 8.0.

https://github.com/ciamara/Secure_TTP-Server-Client_Authentification-Protocol

Microservice Pet-Owner System

A full-stack application built with Java 17, Spring Boot, and Angular, featuring service discovery, centralized configuration, an API gateway, and containerized deployment via Docker Compose.
